Sustainable Cumbria Warmth Grants

**Do you want to go greener and save money by installing Solar Panels, insulation or an Air Source Heat Pump?
Are worried about the up-front costs?**

Cumbrian district councils have secured funding to run the Sustainable Warmth Local Authority Delivery Scheme - aiming to install energy saving measures into over 1,300 homes across Cumbria.

If your household income is below £30,000 and your home has a low energy performance you could be eligible for a government grant up to £25,000 towards insulation and low carbon heating measures, like heat pumps and Solar Panels.

The funding grant is even available for private landlords to apply for qualifying tenants.

So if you're a homeowner or privately rent in Cumbria - apply for a Sustainable Warmth Grant today!

Apply now!

Sustainable Cumbria Warmth Grants

The scheme offers a range of energy efficiency improvements, listed below. However, to make sure your home gets what it needs we'll carry out a free survey and let you know how we can help.

- Solid wall and cavity wall insulation, including insulation for rooms in roofs.
- Loft insulation.
- Air source and ground source heat pumps.
- High Heat retention electric storage heaters and first-time double glazing (replacement double glazing is not available).
- Solar Photo voltaic (PV) Panels.
- Under Floor Insulation.

The grants can be used for low carbon heating and energy saving measures such as air source heat pumps, first time double glazing, Solar PV and different types of insulation.

To be eligible you'll need to:

- Live in your property and either own your own home or, if you are a private tenant, we can work with you and your landlord to make the application and;
- Have a combined household income of less than £30,000 year OR someone in your home receives a means tested benefit and
- Have an EPC rating of E, F, or G. If you don't have an EPC, then we will arrange this for you if we think that your property is energy inefficient.

The funding also allows private landlords to apply for funding up to £5,000, if their tenants are eligible.
